Let's KickOff By Talking About Bitcoin First.

So, What is BITCOIN(BTC)?

Bitcoin is a digital currency (also called crypto-currency or Electronic Money) created and held electronically. It is not backed by any country's central bank or government. Bitcoins can be traded for goods or services with vendors who accept Bitcoins as payment all over the world.

Bitcoins aren't printed, like dollars, euros or naira – they're created by Bitcoin miners through complex computer processes and you can buy & sell them anywhere in the world and get the equivalent amount in your local currency just like you sell dollars to the 'bureau de change' and get the equivalent amount in naira or other currencies.

This Is A FACT: BITCOIN is the highest values currency in the world. (feel free to do your research on this).

I CALL IT THE NEW GOLD

Hope you understand that?

Currently:

1bitcoin = Over \$7,000 (Over N2.5 Million naira)

And it had been predicted by bitcoin experts that, before the end of 2017, 1Bitcoins would have appreciated in value to well over \$8,000 (N3million Naira).

Now that you have an idea of the value of 1 bitcoins, imagine that you are earning 0.5 to 2 bitcoins on a monthly basis. What difference would that make in your life?

You see, we've found a way for everyone here to Earn over 20Bitcoins on a yearly basis and also enjoy Free Vacation Trips To Any Country Of Your Choice and I'll be sharing the way forward right now.

For Those who intend to add people into the group right now, pls you need to Stop Because this is the most important part of this training and we don't want any distractions during this time.

Let me be honest with you... This is one of the safest and most genuine home based businesses in this generation.

Let's Quickly Talk About The Services That Appi Travels Renders;

Here are some of the daily services Appi travels Renders to both it's affiliate members and Customers:

1. Cheapest Flight Booking with the best experience.
2. Hotel Booking in the best suites in the world and
3. Car Rentals for customer.

What Appi Travels does is that; They seek out the best companies with the greatest discounts for both customers and their affiliates who intend to travel and book flights, Hotels and Rent cars.

The interesting part of being an affiliate members of Appi travels is that members can Earn Travel Points and use it to travel all over the world for FREE and i mean 100% (I'll explain how to get the travel points shortly so you can also start working on your Next FREE trip to Dubai or any other place you desire to travel to).

For Example:** Let's say you get a flight ticket at a 60% discount through the Appi Travels portal, you still have the opportunity to reduce the price to a ridiculous amount, up to 100% discount, provided you have enough travel points in your Appi Travels Backoffice.

Do you know that you can make huge profits by booking flights for people?

Affiliate Members cans also book flights, hotels, and Rent cars at huge discounts, up to 75% OFF for their customers and also make some extra \$100 (N36,000) to \$200 (N72,000) as profits for themselves... because as a member you get access to a huge variety of third party sites that are in partnership with Appi Travels.

For Example:

Your friend is going on a trip overseas and the flight ticket costs \$1,000 if they purchase directly from the flight company. But if you purchase through Appi Travels site it costs just \$700.

Now, you can bargain with your friend that you will purchase the flight ticket for them at a discount provided they agree to pay you \$100 for saving them money.

Therefore, In total your friend would only pay \$800 (flight ticket + your payment) instead of \$1000, then you would have saved them a whopping \$200; and you would make \$100 (N35,000) as Profit.

Now, Tell me.... Who would say NO to this kind of offer?

You can even charge them 50% of what they save... and that's totally up to you.

Now Let's Talk About How To Make The Big Money As An Affiliate Of Appi Travels

You See, Appi Travels has 2 Packages and these 2 Packages has 3 different levels where members can earn huge profits from on a daily basis. and they are;

- 1). Appi Funds 2.0 (New).
- 2). Appi Travels Even Up:

Let me quickly explain the packages in details for you. So pay attention here.

What is Appi Funds 2.0?

This is a 2x2 super-fast cypher, and this is where affiliates donate money to each other thereby, Spitting out earnings faster than you have ever dreamed of.

Members in the Appi Funds 2.0 can be earning between \$25(N8,000 to well over \$100 (N35,000) on a daily basis and i've got proofs to show you.

The Appi Funds 2.0 has 3 levels of entry and they are:

- 1). Explorer Fund 2.0 package,

2). Traveler Fund 2.0 package and

3). The Navigator Fund 2.0. package.

Participation levels	Cost of Donation	Donations received
Explorer fund 2.0	\$35	\$25x3 = \$75 (N27k) + 1 re-entry
Traveler fund 2.0	\$125	\$100x3 = \$300 (N108k)+ 1 re-entry
Navigator fund 2.0	\$275	\$250x3 = \$750 (N270k) + 1 re-entry

This Image above shows the Appi Funds Compensation Plan Table while the writeup below it explains the Compensation table...

Now Pay close attention to this Part because if you understand it, you will never be broke for a day and for the rest of your life... I also started earning some good income daily when I understood this part.

So Pay close attention...

AM GETTING MORE EXCITED NOW TO TELL YOU THIS

In the table above, you will discover that the Explorer fund 2.0 is the first level on the list which makes it the main entry point into the business.

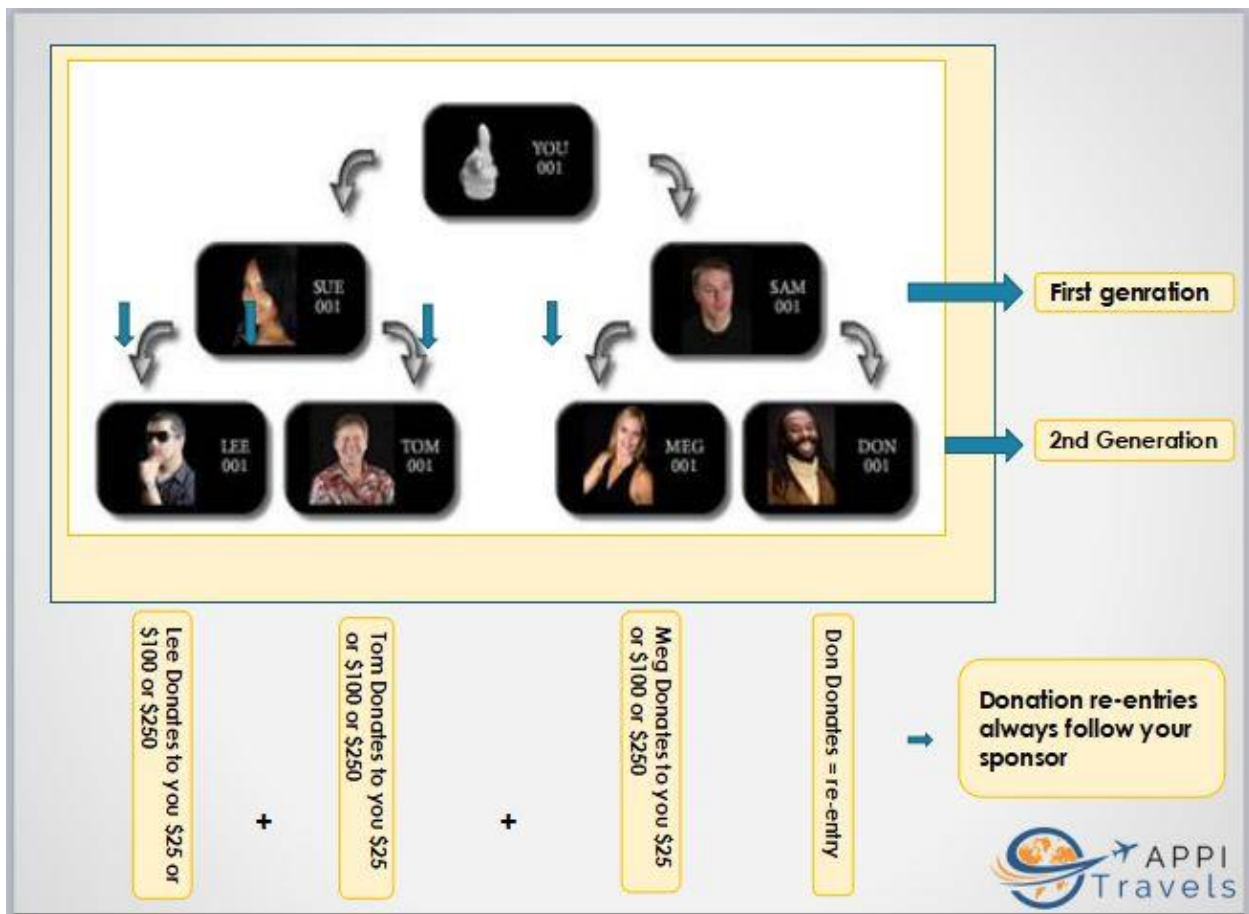

This also means that it cost \$35 to become an Affiliate of this company and enjoy all the other benefits that had been mentioned earlier.

So Here Is How It Works.

Once you purchase the Explorer fund 2.0 for \$35, you qualify to earn \$25 per person that falls on your 2nd generation in the business whether you referred them into the business or they came to you as spillovers from your upline in the business.

The Traveler fund 2.0 which cost \$125 will pay you \$100 per person that falls on your 2nd generation in the business whether you referred them into the business or they came to you as spillovers from your upline in the business.

The Navigator fund 2.0 which cost \$275 will pay you \$250 per person that falls on your 2nd generation in the business whether you referred them into the business or they came to you as spillovers from your upline in the business.

This 2x2 Matrix plan is called a Profit Center and it only takes just 6 people to cycle out and keep earning \$75, \$100 and \$250 over and over again (according to the package you purchase).

Let's Talk About The Profit Center And How Everybody Earns From It. This is very interesting.

Let's assume you are the one at the top of the Profit center in the image above.

The first 2 people that falls directly under you (which is your First generation) will pay your upline whether you referred them into the business or not. While the 4 people who falls in your 2nd generation will pay you whether you referred them into the business or not.

Here is the interesting part, every time you earn from all the 4 people in your 4th generation, the system will automatically purchase a new package for you so you can keep earning \$75, \$100 or \$250 continuously.

For Example:

If you bought the Explorer fund 2.0 Package which cost \$35 and you were able to fill up your profit center either by yourself or through spillover, it means that you will earn \$25 from 3 people in your 2nd generation ($\$25 \times 3 = \75). The 4th person's donation will be used to purchase another Explorer fund 2.0 Package so that you will keep earning \$75 or N27,000 Naira continuously in the business.

When you've earned up to \$200, use \$125 to upgrade to The Traveler fund 2.0 and spend the rest. This means that you will start earning \$100 from 3 people in your 2nd generation ($\$100 \times 3 = \300). The 4th person's donation will be used to purchase another Traveler fund 2.0 Package so that you will keep earning \$300 or N106,000 Naira continuously in the business.

you've earned up to \$500, use \$275 to upgrade to The Navigator fund 2.0 and spend the rest. This means that you will start earning \$250 from 3 people in your 2nd generation ($\$250 \times 3 = \750). The 4th person's donation will be used to purchase another Traveler fund 2.0 Package so that you will keep earning \$750 or N267,000 Naira continuously in the business.

And with this analysis above, you will have 3 profits centers that will be working for you and you will be earning the following on daily or weekly basis (depending on how well you build the team);

\$75 or N27,000 naira from Explorer fund 2.0,

\$300 or N106,000 from The Traveler fund 2.0 and

\$750 or N267,000 from The Navigator fund 2.0.

That's over \$1,000 or N360,000 naira on a weekly basis for you.

Isn't this lovely?

But Wait.....

Let's Quickly Talk About The 2nd Affiliate Package of Appi Travels Which is Appi Travels Even Up and this is Where The Real Big Money Is .

This is the 2nd package of the Affiliate side of Appi Travels and this is where members set themselves up for a life time residual income in the business.

In the Appi Travels Even Up Package, affiliate earns Direct commissions from referrals, they earn 100% Matching commissions on all referrals & also get Free Travels Points.

The Fun in the Appi Even Up Package is the 100% Matching commission you will receive from everyone you referred into the business.

For Example:

If ONE of your referrals makes \$100 a day, you as a sponsor will also get paid \$100 the same day.

That is a whopping $\$100 \times 30 \text{ Days} = \$3,000$ a month.

That's just with one referral!

Imagine if you have 10 referrals earning \$100 a day each. That equals to \$30,000 (or N10,600,000) a month for you.

Therefore, Your potential earnings are limitless here!
